In a 'nutshell':

At D&E's Smoked Meats, Kitchen, and Catering Service we use healthy local ingredients to make restaurant-quality food, that you eat in the comfort of your home, the hospital, your hotel, bring to someone else's house, bring to the office, take to a potluck, take for a pic-nic, or go camping with. You can select from our 'grab and go' cooler if you're last minute, or you can order meals for the next day. We prepare foods in batches and cook amazing healthy food in our commercial kitchen.

We smoke individual products by days of the week. See our schedule (below) to order the meal of your dreams the day before. (Pork Monday, Beef Tuesday, Chicken Wednesday, Sausage Thursday, Ribs Friday). We make salads that make you like salad. For example: pick from one of our individually packaged meats, and add that to a salad for a healthy, filling meal. Most of our options are gluten free, preservative free, low carb and everything is made fresh (from scratch) in our commercial kitchen. It's real food, deliciously prepared and convenient!

Our Full menu: Find us on Google (to see examples and a menu), Facebook for Daily updates and Pictures...

Each week follows the same pattern. If you'd like your meats served hot, you can order your food the day before or give us a call to see what's available hot. **We don't have a microwave or a fryer.** If you'd like to heat it at home you can order it in advance and have it vacuum sealed, or come check out our 'Grab and Go' cooler for amazing, fully cooked meal combos. If you don't order, we can't guarantee to have one for you.
